```c
#include "Main.h"
int limit_pwm ( int temp )
{
    int limited;
    if ( temp > 127 )
    {
        limited =127;
    }
    else if ( temp < -127 )
    {
        limited = -127;
    }
    else
    {
        limited =temp;
    }
    return limited  ;
}
```
